### **About The User Manual**

This document provides information about the functions available within the mobile app and how to access them.

### **About The Application**

The Located It app provides an accessible home rental platform for homeowners and tenants. It provides a platform for tenants to find the right home for them and for house owners to publish their rental properties.

### **System Requirements**

Requires a smart phone with Android operating system (OS)

The minimum Android version should be 4.4 and should have at least 300MB of free storage. To use the functionalities of the mobile app, an internet connection is required.

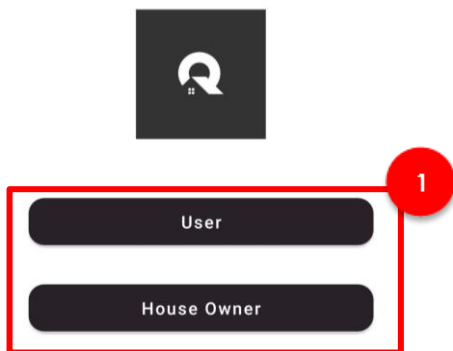

<b>Operating System</b>	Android 4.4 and later
<b>RAM</b>	At least 3GB
<b>Free Storage</b>	At least 300MB
<b>Internet Connection</b>	Required

## Features

To launch the app, tap the application icon on the home screen of your Android device. This will take you to the startup page.

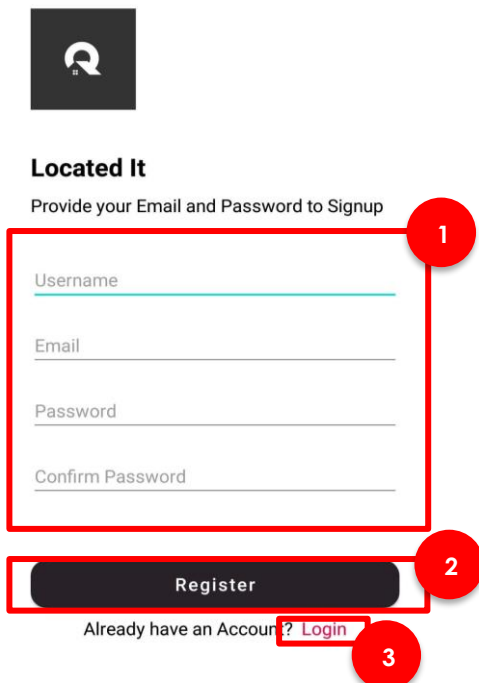

### Startup Page

1. The startup page will let you select the type of user you want to create or login to.

After selecting, you will be redirected to the signup page.

### Sign Up Page

1. To sign up, you must enter your username, email, and password.

3. To logout, click the Logout button.

## Located It Mobile App User Guide

### Add House Page

The screenshot shows the 'Add Houses' page. At the top is a black header with the text 'Add Houses' in white. Below the header is a red-bordered box containing a row of house icons. To the right of this box is a red circle with the number '2'. Below the icons is a form with four input fields, each with a red circle and number '1' next to it. The fields are labeled: 'Enter House Id', 'Enter House Location', 'Enter Total no. of Room', and 'Enter Rent Per Room'. Below these fields is a text area with the placeholder text 'Facilities available in house like AC, washing machine, kitchen etc'. At the bottom right of the form is a red circle with the number '3' next to a button labeled 'Add House'.

1. To add a rental property, you must enter:

- house ID
- house location
- total no. of room
- rent per room
- description

2. Upload an image by tapping on the image above the form.

3. After filling out the form, tap on 'Add House' to publish the property.

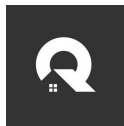

### View Houses Page

The screenshot shows the 'View Houses' page. At the top is a black header with the text 'View Houses' in white. Below the header is a list of house listings. The first listing is highlighted with a red box and a red circle with the number '1'. It shows a house image, the number '3', the price '7500', and the address 'Ledesma St. Aurora Hill, Baguio City'. Below it is another listing with a house image, the number '2', the price '5750', and the address '11 Escoda St. Quezon Hill, Baguio City'.

The View Houses Page displays all the rental properties you've published.

1. To view house details, tap on a house listing. This will bring you to the House Details Page.
